8. Write three words you think best describe this book.

Name: **ANSWER KEY**

Give Bees a Chance Comprehension Questions

1. What are the three types of honeybees and what do they do?

The three types of honeybees are the queens, drones and workers. The queens make all the baby bees, the drones are all makes and their job is to find a queen to have babies with, and the worker bees do everything else that is necessary for the hive.

2. Write two cool facts about the honeybee's anatomy.

**Answers will vary – five eyes, two stomachs,
four wings, six legs**

3. How many bees and flowers does it take to make one pound of honey?

**It takes two million flowers and thousands of bees
to create one pound of honey.**

4. Why do bees sting?

**Bees sting to defend themselves and to avoid getting
smushed. Many bees will lose their stingers after they
sting.**

Name: ANSWER KEY

Give Bees a Chance Comprehension Questions Continued

5. How do bees impact the food chain?

In order for plants to grow, they need pollen and since flowers can't move by themselves they need bees to be a pollen delivery service.

6. What are some of the possible reasons that are causing bees to disappear in large numbers?

Possible reasons for the bee's disappearance are pesticides, parasites, too few friendly flowers and pollution.

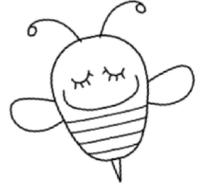

7. How can you make the world safer for bees?

Planting bee friendly flowers in a garden can help bees. Also, knowing how to approach bees to keep both yourself and the bee safe is important too.

8. Write three words you think best describe this book.

Answers will vary.

Name: _____

Bees and Other Animals

Directions: Think about ways that bees are alike and different from another animal. You may choose the other animal – just write what it is on the line below.

Bees

Both

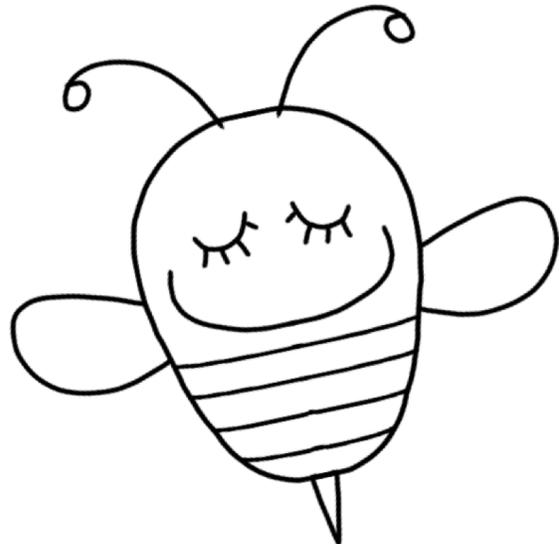

Other Animal

Name: _____

Making Connections – Text to Self

Name: _____

Making Connections – Text to Text

Directions: Use the spaces below to write about a connection you can make about Give Bees a Chance to another book.

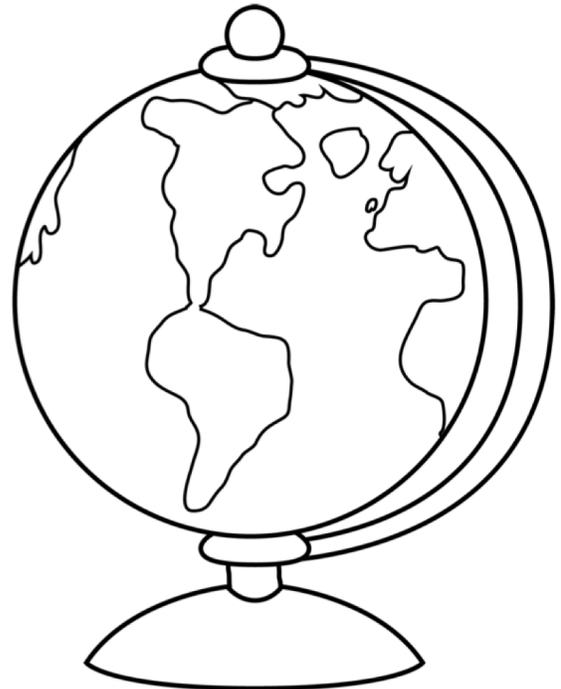

Name: _____

Making Connections – Text to World

Directions: Use the lines below to write about a connection you can make about Give Bees a Chance to something in your community or in the world.

Name: _____

All About Bees

We learn a lot about bees in the book, Give Bees a Chance.
Write a word or fact that describes bees in each of the
circles below.

Name: _____

Fascinating Bee Facts

Directions: Write three interesting facts that you learned about bees from the story. You may write or draw your facts.

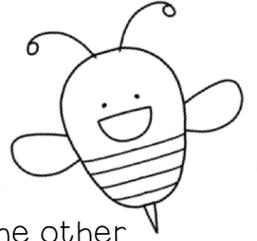

Fact 1:

Fact 2:

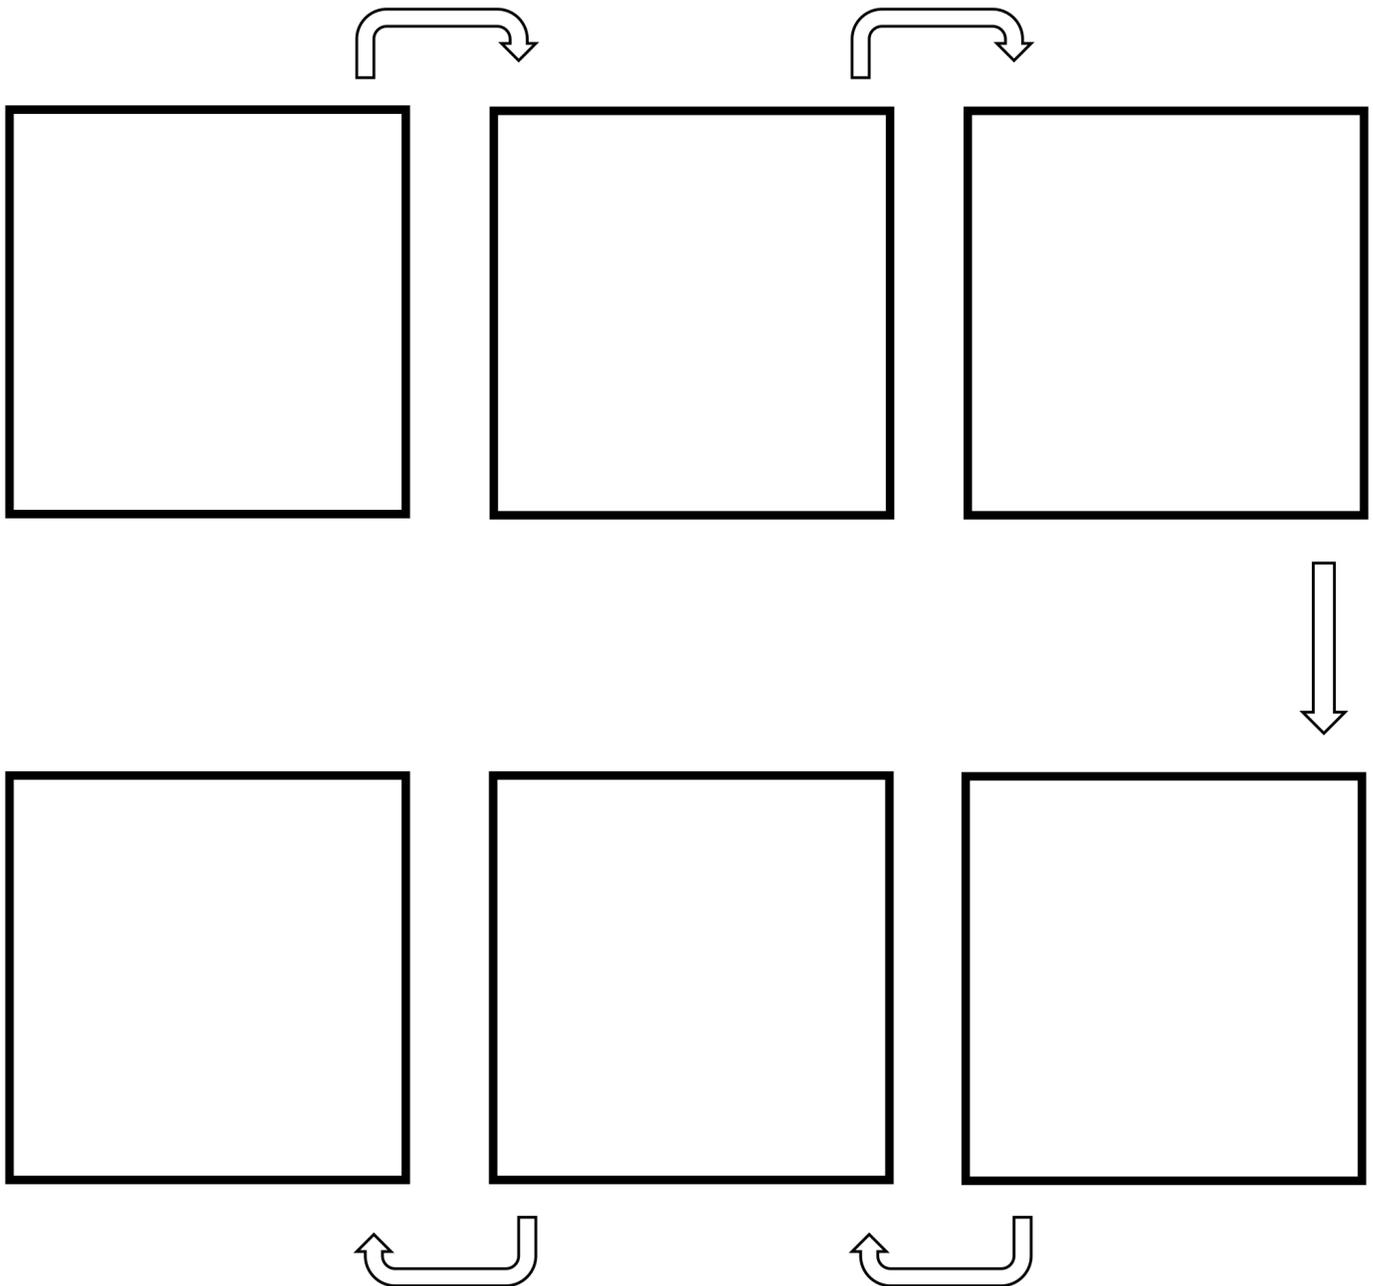

Fact 3:

Name: _____

How Honey is Made

Directions: Cut out the squares that are outlined in dashes on the other page. Decide what order the squares should go in to show how bees make honey. Glue the squares into the correct boxes on this page. When you are done you may decorate your diagram.

Name: _____

How Honey is Made

Directions: Cut out the squares on this page. Decide what order the squares should go in to show how bees make honey. Glue the squares into the correct boxes on the other page. When you are done you may decorate your diagram.

Eventually,
the nectar
of the crop
becomes
honey.

Honey is
sealed in
beeswax to
keep it safe.

Honey gets
barfed
into a
honeycomb
cell.

When honey is
in the cell, it
is fanned by
the bee's
wings to help
moisture
escape.

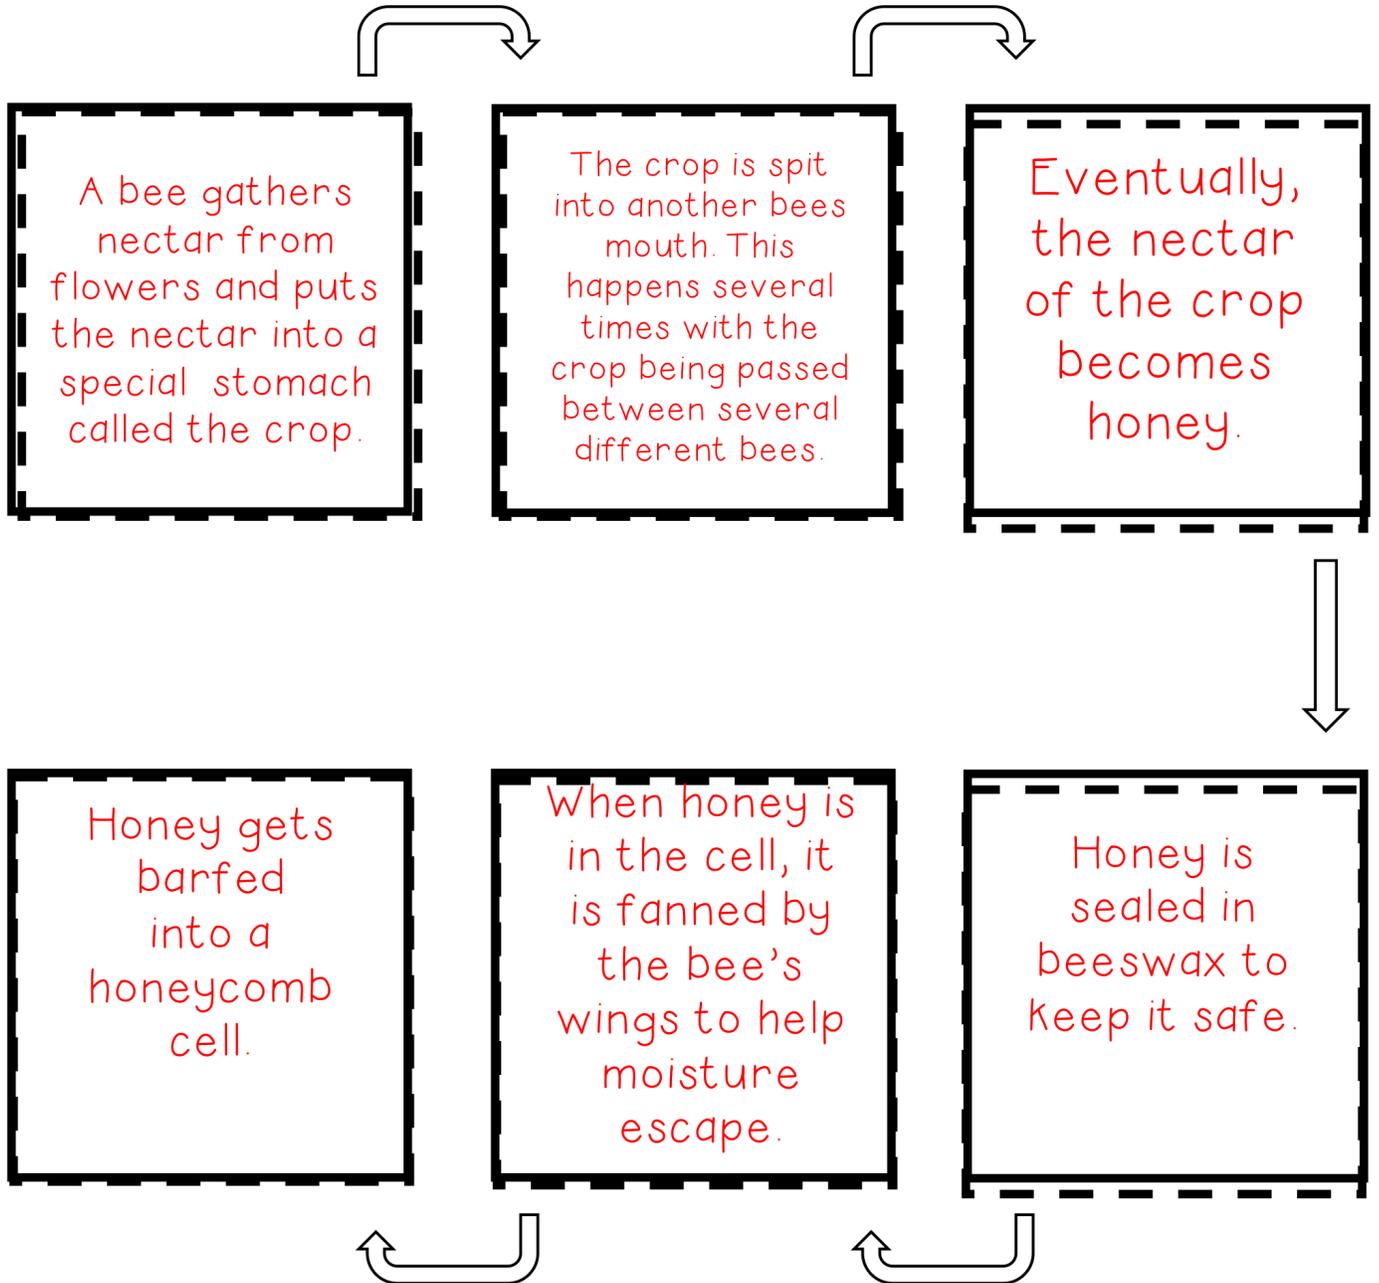

A bee gathers
nectar from
flowers and puts
the nectar into a
special stomach
called the crop.

The crop is spit
into another bees
mouth. This
happens several
times with the
crop being passed
between several
different bees.
